Subject: RE: Hi, How have you been!

Hello Rosie,

It's wonderful to hear from you, and wonderful to hear you are doing well. Glad to hear you're still throwing yourself into everything - it seems I'm still making rules and regulations, doing Data Governance with the government, art centres and communities. I've also been a host for some rural kids studying in Perth. Not always easy, but a good chance to use my OMI skills as well!

Talk to you soon,
Monti

Subject: Hi, How have you been!

Hi Monti, it's been way too long!

I thought I should reach out after all these years. Sorry for the radio silence, life has been busy! I got married! Teenage step-sons are really reminding me of our OMI years. Being over east has suited me pretty well. I've worked with ACMI and maintain various library and museum digital archives. And I still moderate way too many forums!

I'll be back in Perth soon to do a charity hike of the Bibbulmun track. Please let's meet up and catch up - I'll let you know the dates when I get them.

Until then!
Rosie
